Dear Mr van Niekerk

Below correspondence directed to Adv Voller, refers.

The matter has been directed to the accredited profession that Mr Klopper belongs to for investigation based on their internal code of conduct and disciplinary procedures. Any business rescue practitioner license can be suspended or revoked by the Commission (CIPC) in terms of Regulation 126(7) of the Companies Act Regulations, should they be found guilty of misconduct.

We trust you find the above in order.

Kind regards

Dear Adv Voller

I am following up on this email I sent on Wednesday.
I am planning to publish an article on Monday reflecting various responses I have received in relation to the case.
I would appreciate it if you could respond before close of business today.
If you are unable to send a response, I will state in the article that I did not receive a response from the CIPC.
However, if you send a response at a later stage, I will add it to the article.

Regards
Ryk van Niekerk
