1) One Africa Long-Term Incentive Plan

The One Africa LTIP is a cash-based plan with awards vesting after three years, subject to a balanced scorecard of performance conditions. Awards under the plan were allocated in 2012. The award vested at 23% of the maximum, with 50% being released in cash in 2015 and with the remaining 50% being restricted in the form of a share award until 2016 (the original awards and the vesting were disclosed in the Barclays Africa Group 2014 and 2015 Integrated Report).

The number of shares that have been allocated in terms of the restriction referred to above was determined having regard to the 20-day volume-weighted average of a Barclays Africa Group share to 14 June 2015. The plan used to facilitate the allocation of these shares is the Barclays Africa Group Share Value Plan (the SVP).

2) Barclays Africa Long-Term Incentive Plan

The Absa LTIP is a share-based plan with awards vesting after three years, subject to a balanced scorecard of performance conditions. Awards under the plan were allocated in 2012. The 2012 allocation vested at 10% (plus accumulated dividend equivalents) of the maximum, with 50% being released in 2015 and the remaining 50% being restricted until 2016 (The original awards and the vesting were disclosed in the Barclays Africa Group 2014 and 2015 Integrated Report).

The mandatory restriction has now been lifted and the shares are therefore released to the participants by virtue of the rules of the schemes, with the tax liability being settled automatically, and no decision thereon being made by the participants.
